

**KNOW HOW. CAN DO.®**

[www.newsouthsupply.com](http://www.newsouthsupply.com)

Welcome to New South Construction Supply. Founded in 1981, we were built on world-class service. Our success and continued growth is recognized through numerous awards such as one of the Best Places to Work in South Carolina, one of the 25 Fastest Growing Companies in South Carolina as well as the loyalty of the Carolinas' and Georgia's premier general contractors and concrete, masonry and waterproofing subcontractors.

New South Construction Supply is committed to being your preferred supplier for all your building product needs. We are eager and tenacious in our efforts to be the best at what we do and to not just meet, but to exceed your expectations.

Operating from nine strategic locations throughout the Carolinas and Georgia—shipping all across the U.S. and abroad—we are committed to providing exactly the correct product for all your job requirements. You can count on our experienced team for proper advice and solutions to your greatest challenges.

Jim Sobeck, President & CEO

Our slogan is: **KNOW HOW. CAN DO.®** That reflects that we have people with the know-how to give solid advice to our customers and we do it with a “can do” attitude. We like to say, “The answer is yes, now what was the question?” We strive to be the easiest company to do business with in our industry.

***Serving the Carolinas and Georgia***  
***www.newsouthsupply.com***

New South Construction Supply stands for service excellence and an unsurpassed team of experts. Our management team (pictured below), has over 120 years of industry experience and oversees a team with deep construction material industry experience. We take great pride in assembling and retaining a workforce you can depend on.

l-r Dexter Goodwin, Director of Sales & Marketing; David Hodgins, Vice President – Purchasing & Operations; Jimmy Sobeck, Vice President – Finance & Administration; Jim Sobeck, President & CEO

## WE BELIEVE IN...

### SERVICE

We work to help our clients succeed. No matter what.

### RELATIONSHIPS

Life is short. People come first.

### INTEGRITY

Our customers and our fellow associates depend on us. We need them to trust us.

### WHATEVER IT TAKES

Our goal is to always strive to come up with a better way.

# Partnerships

## High Performance Solutions

BASF Corporation | Building Systems  
www.buildingsystems.basf.com

BASF's Building Systems business is dedicated to partnering with our customers to help them succeed in solving the most challenging construction applications. We combine BASF chemistry with extensive industry expertise to offer a complete line of products under the brands Sonneborn, MBT, Thoro and Hydrozo. Our products work together to form integrated single-source construction systems, all while minimizing environmental impact.

# OUR PRODUCTS & SERVICES

## KNOW HOW. CAN DO.®

### DIVISION 1 – GENERAL PROVISIONS

- Submittal Packages

### DIVISION 2 – SITEWORK

- Hydraulic Cement
- Waterplug
- Sewer & Manhole Restoration
- Soil Stabilization Systems
- Secondary Containment Systems
- PVC & Polyethylene Drainage Pipe
- Soil & Drainage Fabrics
- Geogrid Systems
- Utility Castings
- Hardscape Items – Pavers and Retaining Walls

### DIVISION 3 – CONCRETE ACCESSORIES

- Hydrophilic Waterstop
- Bentonite Waterstop
- PVC Waterstop
- Form Release Agent
- Cure Sealers
- Epoxy Adhesive
- Non-Shrink Grout
- Epoxy Grout
- Cement-Based Waterproofing
- Self-Leveling Underlayments
- Concrete-Based Waterproofing
- Concrete Repair Materials
- Epoxy Joint Fillers
- Protective Coatings
- Structural Repair Systems
- Expansion Joints
- Keyway
- Reinforcing Mesh and Rebar
- Vapor Barriers
- Perimeter Insulation
- Concrete Forming Systems
- Preformed Trench Drain Systems
- Engineered Expansion Joint Systems
- Expansion Dowel Baskets
- Contraction Dowel Baskets
- Load Plate Dowel Baskets
- Fabricated Rebar
- Round Dowels

- Square Dowels
- Load Plate Dowels
- Detectable Warning Surfaces
- Moisture Curing Blankets & Papers
- Construction Joints
- Decorative Concrete

### DIVISION 4 – MASONRY

- Masonry Cleaners
- Thru Wall Flashing
- Helical Anchors
- Water Repellents
- Graffiti Protection Systems
- Masonry Reinforcing
- Masonry Ties & Anchors
- Stone Anchors
- Restoration Anchor Systems
- Control Joints
- Masonry Expansion Joints
- Cavity Wall & Block Fill Insulation

### DIVISION 7 – THERMAL & MOISTURE

- Dampproofing
- Crystalline Waterproofing
- Fluid Applied Waterproofing
- Sheet Membrane Waterproofing
- Bentonite Waterproofing
- Clear Water Repellents
- Elastomeric Waterproof Coating
- Pedestrian Deck Coating
- Vehicular Deck Coating System
- Hot Applied Waterproofing
- Drainage Composites
- Protection Board
- Vapor Barriers
- Caulking Guns
- Silicone Sealants
- Polyurethane Sealants
- Joint Tape
- Acrylic Sealants
- Butyl Sealants
- Backer Rods
- Primers
- Firestopping

- Polyurea Sealants
- Water Containment Systems
- Roof Coatings
- Preformed Joint Systems

### DIVISION 8 – GLAZING

- Silicone Sealants
- Polyurethane Sealants
- Acrylic Sealants
- Butyl Sealants
- Backer Rods
- Butyl Glazing Tapes
- PVC Foams

### DIVISION 9 – FINISHES

- Epoxy Floor Coatings
- Urethane Floor Coatings
- Estes Colored Aggregate
- Acrylic Wall Coatings
- Elastomeric Coatings
- Foam Insulation
- 15 & 30 Pound Felt
- Building Paper
- Roller Covers
- Special Finishes

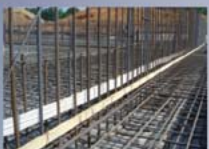

### MISCELLANEOUS

- Firestopping Systems
- Concrete & Masonry Tools & Equipment
- Anchors & Fasteners
- Timber Connectors
- Collated Fasteners & Guns

Since 1989, BoMetals has earned a reputation in the concrete and masonry accessory market for **constant innovation, tireless customer service and dedication** to the construction business. We are regularly adding new products to meet the needs of your job. To learn what these products can do for your next project, call your New South Construction Supply professional or visit our updated website at [www.bometals.com](http://www.bometals.com).

# 80 YEARS OF INNOVATIVE SOLUTIONS FOR THE BUILDING ENVELOPE

HOHMANN & BARNARD offers a diverse selection of high quality moisture control and masonry reinforcement solutions for the building envelope. Many of H&B's Flashings, Air Barriers, and Stainless Steel Anchoring Systems qualify as sustainable building materials due to recycled content and help achieve LEED certification.

Please visit [www.h-b.com](http://www.h-b.com) or call 1-800-645-0616 for more information

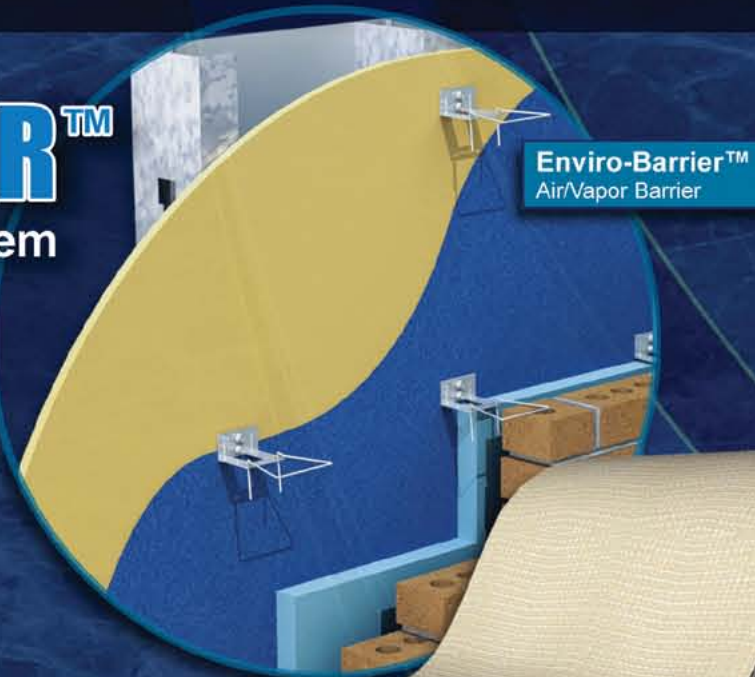

## ENVIRO-BARRIER™

### Non-Asphalt Air/Vapor Barrier System

**HOHMANN & BARNARD'S Enviro-Barrier™** System is a non-asphalt solution for applying above-grade air & vapor barrier protection. Enviro-Barrier™ includes an air/vapor barrier, synthetic mastic & primer,\* and a peel & stick membrane for creating smooth transitions over various substrates.

- ☐ Non-asphalt system
- ☐ VOC-Free, HAP's-Free, & Asbestos-Free
- ☐ Air/vapor barrier made from 30% recycled materials
- ☐ Excellent adhesion to most construction materials
- ☐ **Stretch-X-Seal™** is a tough, long-lasting detail tape that adapts to difficult shapes and locks out moisture at the most vulnerable points of air and water intrusion.

**Stretch-X-Seal™**  
Window Pan Flashing

## H&B MASTIC AND PRIMER

**ENVIRO-BARRIER™ MASTIC\*** is a single component water-based flexible mastic to seal terminations, overlaps and detail areas. It dries quickly and remains permanently flexible and contains no noxious fumes.

**PRIMER-SA™\*** is a water-based primer which imparts an aggressive, high tack finish on treated substrates. It provides excellent adhesion, is fast drying & is VOC compliant.

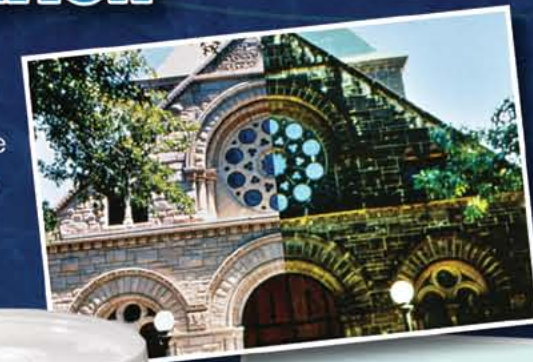

\*Hohmann & Barnard is not responsible for incompatibility of non-H&B primers, mastics, and flashings.

## MASONRY CLEANING & RESTORATION

**DIEDRICH TECHNOLOGIES**, a Hohmann & Barnard Company, carries a full line of high performance detergent products. Diedrich products clean, restore and protect new or old masonry and fulfill the need for a safe, cost-effective alternative to surface-damaging standbys such as sandblasting and muriatic acids.

### DIEDRICH PRODUCT LINE INCLUDES:

- ☐ New Construction Cleaners
- ☐ Paint Removers
- ☐ Water Repellents
- ☐ Restoration Cleaners
- ☐ Graffiti Management

**Surface-Mount**  
Application

## TEXTROFLASH™ FLASHING

**TEXTROFLASH™** Flashing is a 40-mil thick composite membrane with a proprietary clear adhesive that provides an extremely tacky surface. This adhesive is factory-laminated to rugged, polyethylene sheeting, yielding a flexible membrane that is suitable for application to masonry, concrete, steel, gypsum and wood. **Made from 45% recycled material.**

- ☐ Provides dual-layered waterproofing protection
- ☐ Resists tearing & slicing
- ☐ UV resistant up to 90 days
- ☐ **Will Not Drool!**

**Patents Pending**

**WORKING 24/7, 365 DAYS A YEAR!**

No matter what size your operation is, we will treat you like our number one customer. While competitors talk about providing great service, we put our money where our mouth is. We offer a credit of 10% of the purchase amount on your next order if you ask for a guaranteed delivery time and we deliver more than one hour late—no one else does this.

We are also willing to make deliveries 24 hours a day, 365 days a year—when needed—to help you hit your deadlines!

# Protection.

Raven's commitment to designing, manufacturing and distributing leading-edge underslab barriers and building enclosures is second to none!

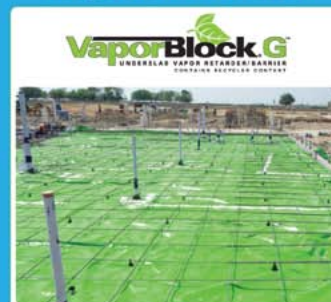

## Reinforced Plastic

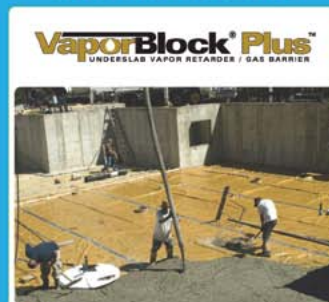

## Vapor Retarders / Barriers

## Recycled / LEED Barriers

## Gas / Moisture Barriers

## Jobsite Weather Protection

Raven reinforced DuraSkrim® building enclosure films are produced from quality materials and are built to outperform the competition. Keep working through bad weather with tough, reliable DuraSkrim® enclosure films. Available in regular and fire-retardent reinforced polyethylene.

## Underslab Moisture & Gas Protection

Raven VaporBlock® series includes high-performance underslab moisture and gas barriers designed to protect building structures and flooring from mold, mildew, and harmful gases. VaporBlock® underslab barriers are supported by independent test data and exceed ASTM E-1745-11.

# Meet Seismic Requirements with... ...LEVEL-EYE Seismic System

(U.S., Pat# 6,135,915) (U.S., Pat# 7,152,392B2)

• Meets Seismic categories E and F with the addition of Continuous Single Wire in the Veneer mechanically attached to the system with clips, excellent for high wind applications.

• Ladder or Truss Style Adjustable Joint Reinforcement with "Lollipop" style Eyelets and Pintles.

• Eyes are double welded on to side wires to provide maximum strength and durability.

• Level Eyes make it easier to maintain 3/8" mortar joint.
